SUMMARY

UI/UX Designer with 3+ years of experience in digital product design, enterprise systems, government platforms, dashboards, and visual communication. Currently designing enterprise and government digital products at PT. Eka Abhipraya Semesta, creating wireframes, high-fidelity UI, prototypes, user flows, and design system elements. Skilled in translating complex data, workflows, and business requirements into clear, intuitive, and user-centered interfaces.

EXPERIENCE

PT. Eka Abhipraya Semesta

UI/UX Designer

Jakarta

Sep 2023 - Present

- Owned the end-to-end UI/UX design process for enterprise and government digital products, from requirements gathering to final UI handoff, using Figma to create wireframes, high-fidelity interfaces, and developer-ready design outputs.
- Designed executive dashboards and enterprise systems for national government institutions, including SatuCK for the Ministry of Public Works, Korlantas Media Intelligence for Korlantas POLRI, and SUMBA for the Ministry of Transportation, translating complex operational and strategic data into clear, decision-ready interfaces.
- Created interactive prototypes and usability testing artifacts in Figma to validate design solutions before development handoff, improving design clarity and reducing potential implementation gaps.
- Built and maintained reusable component libraries and design system elements across concurrent enterprise and government projects, improving visual consistency, scalability, and design efficiency.
- Presented mockups, user flows, business process maps, and design rationale to stakeholders, using Mermaid, Gemini, Claude, and Google Stitch to support workflow mapping, ideation, prototyping, and alignment between business goals, user needs, and development teams.

PT. Kimia Farma Apotek

Marketing Designer

Jakarta

Mar 2023 - Aug 2023

- Maintained brand consistency across a nationwide network of 1,000+ Kimia Farma Apotek pharmacy outlets by applying corporate brand guidelines across digital and print marketing materials.
- Designed campaign-ready creative assets, including social media content, brochures, catalogs, marketing collateral, and presentation materials to support promotional initiatives across a large-scale retail pharmacy network.
- Translated marketing campaign objectives into clear visual communication materials by collaborating with cross-functional marketing stakeholders and aligning creative outputs with brand requirements.
- Leveraged Adobe Illustrator, Photoshop, After Effects, and Premiere Pro to create digital, print, motion, and video-based assets for brand-consistent marketing campaigns.
- Delivered high-quality creative outputs within the marketing team's production cycle, supporting coordinated national campaign rollouts, continuous promotional activity, and consistent brand visibility across multiple pharmacy outlets and marketing channels.

EDUCATION

LICENSES & CERTIFICATIONS

- [UI/UX Design Mastery \(Gold\) - Skilvul](#)
- [Kreologi: UI/UX Challenge - Skilvul](#)
- [Belajar Fundamental Front-End Web Development - Dicoding](#)
- [Belajar Membuat Front-End Web untuk Pemula - Dicoding](#)
- [Belajar Dasar Pemrograman Web - Dicoding](#)
- [Adobe Certified Professional in Graphic Design & Illustration Using Adobe Illustrator](#)
- [Adobe Certified Associate in Visual Design Using Adobe Photoshop](#)

PROJECTS

- **SatuCK - Executive Dashboard, 2025–2029 Strategic Plan** (Ministry of Public Works)
Designed wireframes, user flows, and high-fidelity UI in Figma and Mermaid for the ministry's strategic planning dashboard, turning complex five-year planning data into a clear, decision-ready interface for leadership.
- **Korlantas Media Intelligence - Media Intelligence Platform** (Korlantas POLRI)
Designed interfaces and interactive prototypes for a media intelligence platform, applying data visualization principles to help users monitor and interpret media data.
- **EHRM - Human Resources Management System** (Ministry of Public Works)
Designed wireframes and high-fidelity UI for an enterprise HR management system, mapping internal workflows in Mermaid to support administrative processes at scale.
- **EkompU - Public Communication Monitoring Dashboard** (Ministry of Public Works)
Designed a dashboard enabling the Public Communication Bureau to monitor activity, translating communication data into a structured, accessible Figma-built interface.
- **SUMBA - Manifest and Tracking Dashboard** (Ministry of Transportation)
Contributed to wireframes and UI design for a manifest and tracking dashboard, supporting land transportation monitoring through usable operational data views.

SKILLS

- **UI/UX Design** (User-Centered Design, Interaction Design, Design Thinking, Accessibility)
- **Product Design** (Digital Product Design, Enterprise Applications, SaaS Platforms, Government Digital Services)
- **Design Process** (Wireframing, User Flow Mapping, Business Process Mapping, Interactive Prototyping, High-Fidelity UI, Usability Testing Artifacts)
- **Design Tools** (Figma, Mermaid, Google Stitch, Adobe Illustrator, Adobe Photoshop, Adobe After Effects, Adobe Premiere Pro)
- **AI-Assisted Design** (Gemini, Claude — for ideation and problem-solving)
- **Information Architecture** (User Needs Translation, Requirements Mapping, Navigation Design)
- **Design Systems** (Component Libraries, Reusable UI Components, Scalable Design Assets)
- **Cross-Functional Collaboration** (Stakeholder Presentations, Developer Handoff, Cross-Team Coordination)
- **Soft Skills** (Communication, Problem Solving, Attention to Detail, Adaptability, Ownership)
